

## **School District Goals and Objectives**

In keeping with its belief that the achievement of significant and high but achievable educational outcomes shall be a major goal as well as a measure of success for each student, and in keeping with state law, the Board of Education adopts the following goals and objectives for the continued improvement of education in the district:

1. Students shall demonstrate skills that form the foundation for lifelong learning, such as critical thinking, problem solving, decision making, intellectual curiosity and artistic expression.
2. Students shall participate in the educational experiences needed to achieve the state and district standards or complete the requirements and goals as listed on a student's Individualized Educational Program (IEP), which may include modified standards.
3. Students shall demonstrate the social skills, academic knowledge and attitudes required to be productive citizens in a culturally diverse society.
4. Students shall demonstrate job skills necessary to be effective, productive workers in the 21<sup>st</sup> century.
5. The district shall provide the best possible personnel, who are highly qualified as defined by the federal No Child Left Behind Act of 2001 (NCLB), as well as the best qualified support staff.
6. The district shall ensure that staff, students and parents are provided the opportunity to participate in the development and evaluation of programs and policies.
7. The district shall ensure maximum efficiency in the use of district resources to meet the goals and objectives of the various programs and services.
