

## Fremont Re-2 School District

---

### Overview

The Fremont Re-2 School District is currently evaluating the option of replacing the current Firewall with a device that would include filtering. The district has a 1:1 iPad initiative 3-12<sup>th</sup> grade and currently filters students both on and off campus. The district has 1700+ devices that need access to the Internet. There is a centrally located ISP connection at the Technology and Industries building located at 451 Church Street, Florence, CO 81226. The district is seeking funding from the ERATE program; therefore, the filtering portion will need to be cost allocated.
